

I am writing because I want to let you know how important it is that my family be able to listen to KLOVE, an FM translator service. We listen to this every single day and it provides wholesome, positive, Christian music/messages to my family. I believe it's extremely important to continue this type of broadcasting and not allow it to be displaced by an LPFM broadcaster. This is the only radio station that consistently provides the type of positive message my husband and I want our children to hear on a daily basis.
